

News Flash December 2013

"A new regularization Scheme to legalize unapproved Layouts across Tamil Nadu is likely to be passed soon to be valid for 2 years from the date of the Government Order.

The above news has been published in one of the leading English Dailies in Chennai edition, very recently.

The above said Scheme would be boon to the plot owners in Green Peace Cottage Gardens Site situated in Siruthavoor, OMR in the outskirts of Chennai.

As plot owners in the above Site are aware, the Layout in Siruthavoor is **not an approved Layout by Government. The Association will be taking the required steps to have the Layout approved with the support and co operation of all the members in the Association.**

It is high time the Plot Owners who are yet to enroll as members enroll as members in the Association to avail of this golden opportunity."
